

Chemical composition information: Chrome Steel

"100cr6"

All Chrome steel material used for the production of MTK+ Bearings are according to the following chemical composition specifications or equivalent:

CHEMICAL COMPOSITION									
Specification	Grade	C	Si	Mn	P	S	Cr	Ni	Cu
SEW 350	100CR6	0.90-1.05	0.15-0.35	0.25-0.40	0.025 max	0.025 max	1.40-1.65	-	-
